Indefinite statements are insufficient. Such diseases as Cancer, Tumor, Consumption, Paralysis, Dropsy, Cholera, Convulsions, Jaundice, Hemorrhage, Gangrene, Old Age, Debility, Premature Birth, Stillborn, etc., require a more definite statement as to their origin. Name the disease causing death, rather than the mode of dying, such as Heart Failure, Asthenia, Anemia, Uremia, Coma, etc. When death is due to external causes (violence), state the accident, injury or poisoning which caused it, and the date of occurrence. Write plainly in ink. Do not use pencil. Be sure that every question is fully answered. This information is very important. See instructions on back of certificate.
